

Umbrella Organization Nepal

Swayambhu, Kathmandu-15, Nepal

Notice Inviting Expressions of Interest (EOIs) for Flood Risk Analysis Date of Publication: 22nd July 2026

Umbrella Organization Nepal (UON) is a family-first child protection organization established in 2005 and registered with the District Administration Office, Kathmandu. Since its inception, more than 400 children have been directly supported through various programs, and following the 2015 earthquake, over 3,000 children and families received humanitarian support.

UON is currently implementing the "Aandhikhola School of Bamboo Technology and River Restoration" (ASBTRR) project, which integrates bamboo-based livelihoods, ecological river restoration, and climate resilience. As the project site is located adjacent to the Aandhikhola River, UON hereby invites Expressions of Interest (EOIs) from eligible consulting firms or qualified individuals to conduct a comprehensive Flood Risk Analysis to ensure infrastructure and restoration interventions are planned in a safe and climate-resilient manner.

Project Location: Ward No. 9, Waling Municipality, Syangja.

Submission Requirements: Interested applicants must submit a proposal package including:

- **Technical Proposal:** Detailing the technical approach, methodology (including hydrological and hydraulic modeling), and a realistic work plan to complete the assignment within 35 days.
- **Financial Proposal:** A detailed budget for the consultancy services.
- **Firm/Individual Profile:** Evidence of at least two years of relevant experience in flood risk assessment, river engineering, or hydrological studies.
- **Key Expert CVs:** Demonstrating expertise in River Engineering, Hydrology, Hydraulic Modeling, and GIS.
- **Administrative Documents:** Copies of firm registration, PAN/VAT registration, and the latest tax clearance certificate (or citizenship certificate for individual applicants).
